## ANNOUNCEMENT ARTIST-IN-RESIDENCE

### Residence „Drop Out“ („Aussteigen“) 2023 in the Dornach monastery

The Dornach (SO) monastery, built in the 17th century, was dissolved by the Swiss Capuchins in 1994. Since 1996 the facility is run and operated by a foundation as a modern business with its four divisions restaurant, hotel, culture and church. After a classy renovation of the rooms, one of the former monastery cells has been made available for artists, people engaged in the cultural sector or humanists for an independent, freelance stay lasting ten to fourteen days. Starting Monday January 9<sup>th</sup> with arrival on respective Mondays from 2 p.m. and departure on respective Wednesdays or Sundays until 11 a.m.

The residency “Drop Out” welcomes you to take a contemplative and creative break in the monastic tradition of retreat and reflection. To always one person per stay we are offering our hotel room and former monastery cell “Aufatmen” (German for “respire”) equipped with a writing desk and a view of the monastery garden, along with half board (breakfast and dinner, vegetarian meals on request). There is no artist’s studio available. In exchange, we are expecting you to participate in the gardening of our monastery as well as to make artistic and cultural contributions to the monastery or to our program.

In the first days there is a meeting with our program director. It serves as a possibility to present oneself and one’s work as well as one’s motivation for the stay and to have the opportunity to find a brisk exchange with the place and its people. Public Presentations and platforms for exchange are planned during the year.

The tendering will be published on September 30<sup>th</sup> 2022.

The application’s deadline is November 21<sup>th</sup> 2022. The following must be submitted:
